*Label Sampler #4 - december 2005*

We thought December would be a nice season for a new dead bees sampler. This is the second sampler this year, and this is a big one. After sending out requests to artists and friends, we received so much feedback we could not fit all the tracks in a single CD. So here it is. A second sampler this year, on a two discs set.

We gathered 24 artists or bands on this collection. New features include PULL (from Bordeaux, France), INVISIBLE (Portland, Oregon), Hot Zex (Novosibirsk, Russia), THE MORNING AFTER GIRLS (Melbourne/Sydney, Australia) THE PANDAS (Los Angeles, California), WHITE JUNE (Vienna, Austria), COBSON (Montpellier, France), EDDY CRAMPES (Toulouse, France), MICHEL ET MICHEL (Toulouse), THE DECEMBER SOUNDS (Boston, Massachusetts).

We feel like we have all our music friends from all over the world packed in the same room having the best time ever.
